

# Design Your Own Caesar Cipher Decoder Wheel

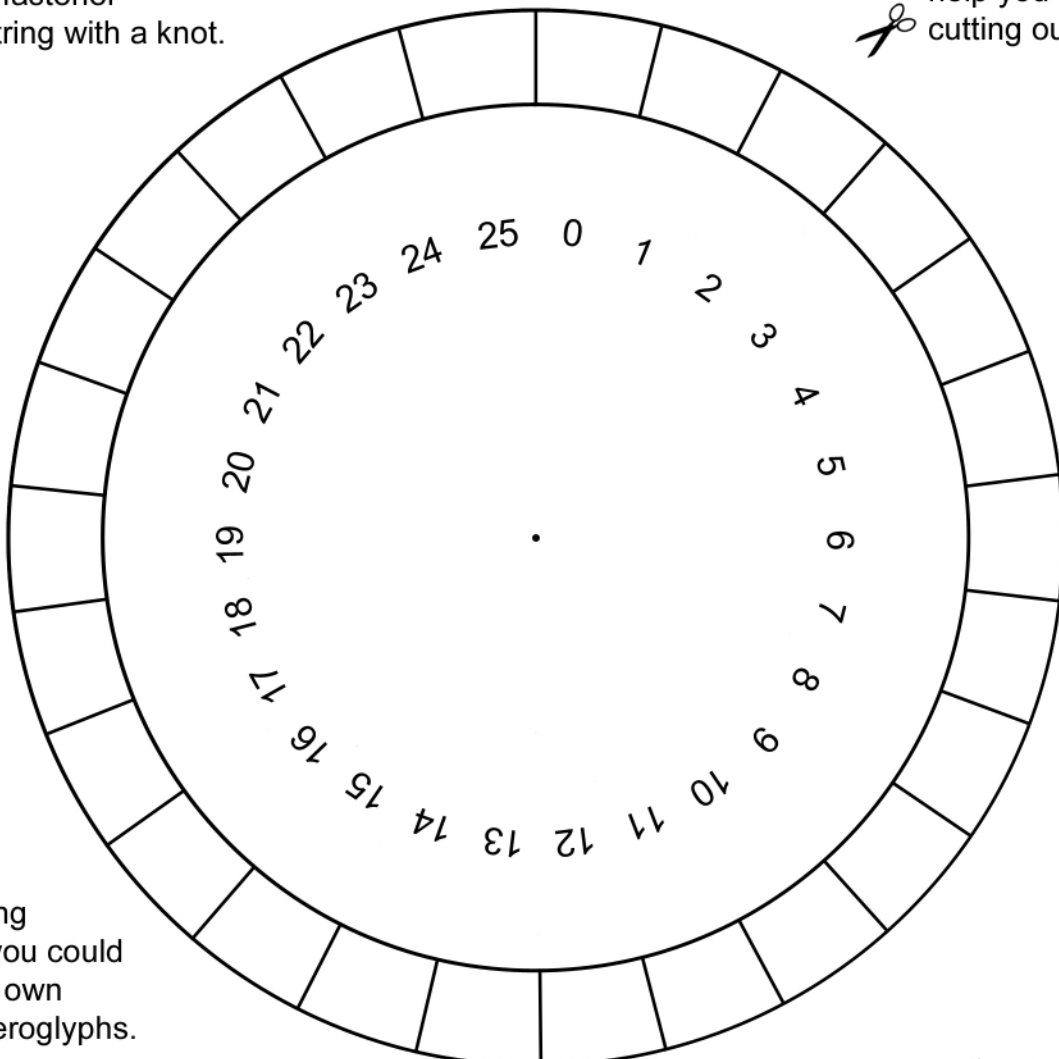

Send and Receive Secret Messages

✂ Cut out or use a pencil to put a hole through the marked grey segment so you can then see the numbers on the inner wheel. (Get an adult to help you with this)

Put a hole through the centre of each disc and fix the smaller disc on top of the larger disc with a paper fastener or piece of string with a knot.

✂ Cut out the two discs. (Get an adult to help you with the cutting out)

Instead of using the alphabet you could make up your own symbols or hieroglyphs.
